

Shredding Day was a Success!

Saturday, November 10th

We Filled up the Truck!

Last Saturday's Shredding day, sponsored by Noyes Capital Management, LLC, was a huge success. Over forty families dropped off outdated tax returns, brokerage and bank statements, receipts, and so forth. A 6-ton shredding truck arrived and helped shred everyone's document on site.

Scott Noyes, a local financial planner and investment manager, said that it was important for consumers to dispose of confidential documents carefully in order to protect against identity theft. Old tax returns, bank statements brokerage reports all need to be properly disposed of. His clients and neighbors were grateful for shredding day
